

CLP Offers Customized Exam Administrations

Companies and universities can now host a customized administration of the CLP exam onsite at their facility or at a local testing center. Benefits of a customized exam administration include:

- Convenient locations - exam administration at your office or local, private test site;
- Flexible testing dates and times;
- Direct access to the CLP team to provide guidance throughout the process; and
- Assistance to coordinate a private exam preparation course from an industry association.

Earning the CLP credential demonstrates an individual's fundamental understanding and knowledge of licensing, intellectual property and asset management, valuation, negotiation and I.P. marketing. It is a valuable professional development opportunity that shows dedication and commitment to the licensing profession and industry.

Option 1: *Group exam administration at a CLP test site*

- CLP coordinates local testing center for employees to take exam
- Not a private administration
- Computer-based exam format
- No additional fees

Option 2: *Group paper and pencil, onsite exam administration*

- You select a location for up to 20 employees at your facility
- Paper and pencil exam format
- CLP provides exam proctor
- Additional fees apply

Option 3: *Private, computer-based exam administration at a CLP test site*

- CLP coordinates a private test center for up to 20 employees
- Computer-based exam format
- Additional fees apply

For further details on any of the options above or to set up your organization's customized CLP test administration, contact Cynthia Allen, CLP Certification Manager, at callen@licensingcertification.org or (888) 391-7719.
